

Heart To Hand Charity Newsletter 2014

Dear friends of Heart To Hand,

I would like to take this opportunity to thank all of you most sincerely for your continued support of our charity and to welcome you to this edition of our annual Newsletter which aims to demonstrate to you how and where your funding was distributed. We are always aware of the hard work involved in fundraising and we really appreciate the huge effort made by all our friends, volunteers and supporters to keep our charity sustained.

This year we are 23 years running, which is a massive credit to all involved, and we in Heart To Hand are very grateful; but the real gratitude comes from those we support "the poorest of the poor" who are always so appreciative of the aid and support we provide. Over the last two years we have put huge focus upon helping and supporting the poor in Ireland, especially in Limerick and Dublin, where the need for help is constantly rising as people, for whatever reason, find themselves in difficult circumstances. With your continued support we will continue to help all those whom we can who are in need.

Kieran Byrne,
Director and Founder.

Heart To Hand Clarification.

In light of the recent revelations regarding salaries and top-up payments to Charities, Heart To Hand would like to state categorically that no payments are made to any of its volunteers or to its Director. **NO one receives any fees, top-ups or any remuneration of any kind from the Charity or from Donations.**

All money raised goes directly to the Charity to help, feed and assist the poor.

All members of Heart To Hand are volunteers and join the charity on that basis; this has always been our standard with the charity. If you require any further information regarding this please feel free to contact us.

FOOD AID OVERSEAS

Here Sr. Rose Carmel can be seen handing out food from her store, which was collected by the people of Ireland for distribution to those in need. Sr. Rose Carmel has been working with the poor for over 25 years and has been receiving Humanitarian Aid from Heart To Hand for most of those years. We thank her for her good work and with your help we can continue to send aid to Sr. Rose who informs us that the food crisis is never ending and she is constantly seeking help for families in need. It is people like Sr. Rose who give their all to help the poor and those that need help.

Missionaries Of Charity

Photos show the recent deliveries of Humanitarian Aid to the Missionaries Of Charity in Albania. The need for food and supplies at present is very high and we continually receive letters of request for Heart To Hand to send another as soon as possible!. With the rising costs of fuel and road tolls it is becoming difficult to meet demands. We really need your help to continue to serve the poor. If you would like to donate, donate on line, set up a standing order or just make a contribution please contact us. 086 8240978

Margaret Deacon, Enniscorthy

Photo shows Margaret Deacon of Enniscorthy displaying her fabulous garments which she knitted for the poor. Margaret has been knitting jumpers, scarves, gloves, cardigans, etc. for over 10 years and we really want to say "Thank you so much Margaret". Her items are sent to the orphanages every year where they are received with great joy and appreciation. Thanks Margaret!

RIP (Nancy O'Toole) Wicklow

Our sincere sympathy to Margaret, Kieran & James Byrne following the recent death of Margaret's mother Nancy O'Toole. Nancy had been ill for some time now and received great care from her family and friends, especially Margaret and her sisters, who stayed with Nancy each night to ensure she received special care in her last years. May she rest in peace.

RIP (Maurice Doody) Limerick

Our sympathies are also extended to the Family of Maurice Doody, to his wife Celine and their family. Maurice owned and ran an engineering and tool supplies business in Limerick and supplied our building projects with tools and equipment over the past 10 years. We really appreciated his generosity and we were saddened to hear of his death.

From The Editor

We endeavour to thank all of those who contributed, volunteered, sold tickets, collected food, collected clothes, sold pens, distributed food, took part in events, fundraised, donated items or contributed to our charity in any way. I apologise in advance should I have left anyone out or omitted any news items.

Malawi schools projects in association with Heart To Hand

Two volunteers from Heart To Hand, JP Gilroy and Colm Lavin travelled to Malawi to meet Fr. John Ryan from Holycross Co. Tipperary, who has been working in the area for 30 years. He is currently looking to build schools to educate the people of his area. Heart to Hand have sent funding to Fr John and will continue to support him with the construction of the schools. JP and Colm are returning in January to help start a construction course which will educate the local students on how to lay bricks. Once they have completed the course, they will be able to build the schools with Fr John. The pictures below are from Ungweru and some feedback from JP and Colm is also included. Education is the real way forward and if you would like to help please contact us. 086 8240978

A hot meal is cooked in the school and given to each of the students. This is often the only meal that they receive.

Classrooms are dated and in most cases they have no furniture at all and teachers have to teach outdoors such are the numbers of students turning up for school. Fr. John is doing excellent work and we hope we can support him and help these people to help themselves.

The People

The people are so nice and very well dressed and all of them are very clean and hygienic. They are very friendly and would stop to talk as though they knew us all of our lives, but only if we are willing to stop; they never intrude or get into our business.

The Poverty Trap

The country is not finished and has great potential, but there is a poverty trap that keeps re-occurring every year. A lot of the land is good and fertile but a lot of planning is needed and if these people are equipped they have a lot of potential. Education is the key to tackle this poverty trap. Education has been in existence here for over a hundred years and one can easily see its benefits. There are waves of young people now beginning to show a oneness with all that is available in the 21st century even with their limited amount of equipment. For example, one computer might be used for 500 children.

Plan of Action from Here

The plan is to increase the classroom space and this is needed for all classes from infants to eight grade (end of primary) in every school. However, we are focusing on three needy but progressive schools within the area of St Augustine's Parish. To complete a school with four classrooms costs €20,000. We wish Fr John the very best with his remarkable work in educating so many and Heart To Hand hope to be, following fundraisers, in a position to send funding again later this year.

Liberia Project

Fr Adrian Crowley has been working in association with the Missionaries of Charity in Liberia for some time now and is working with children with AIDS and helping to educate them and help stop the spread of this deadly disease. Earlier this year Heart To Hand sent funding to Fr Crowley and we will be filling a container with Humanitarian Aid for him later this year and ship it out to him. He is doing excellent work and we really would like to be in a position to send more funding to help him with this very important work. Funding for Heart To Hand is vital and we really need your help to continue.

Geraldine O Sullivan and some of the Heart To Hand volunteers during a recent food distribution in Limerick.

A big thank you to all of the volunteers who turned up to help loading and unloading.

Heart To Hand would like to thank volunteer **Geraldine O Sullivan** and her volunteer base in Limerick; there are too many to mention individually for their hard work every week. Without your continued help it would be impossible to distribute so much aid.

Our thanks to **Munster Logistics**, Shane, Darren, Danielle & Bronagh for their continued support of our Charity. They provide warehousing, almost daily transport, food collections, food distribution and are so accommodating with collections and deliveries. We often receive little or no notice to collect food but somehow Munster Logistics always manages to get it collected and delivered so it does not go to waste. Without them we could not run such a large scale operation in **Limerick**. We really appreciate all their hard work as do all of the Charities who benefit from the food aid.

Thank you letter received from Our Lady Of Lourdes Community Crèche which sums up the mood of our aid recipients in Limerick.

Dear Geraldine,

I am writing to you today to thank you and the Limerick volunteers for your consideration, dedication and commitment to the communities of Limerick City. I would like to take this opportunity to highlight our appreciation for the donations of food to members of our community in Our Lady of Lourdes. We have many families with high needs and low incomes. I would like to be able to take photographs of some of the expressions on peoples faces when we deliver the food that we receive from you.

Geraldine, I hope that you will be in a position to continue this much needed and appreciated service for those in need for years to come.

Kathleen Kirby, Our Lady of Lourdes, Childers Road, Limerick.

THANK YOU TO ALL OUR FOOD SUPPLIERS

Heart To Hand would like to thank all of the companies, factories & stores that have made Heart To Hand their choice when donating food items. We are supporting the poor for the past 23 years and with your help and that of these very generous people we can continue with this work. We have recently contacted Foodcloud.ie, a company set up by two ladies to facilitate TESCO in donating their food waste. We have successfully linked several Charities in Limerick with Foodcloud.ie and we hope to be able to link many more once up and running.

Above Geraldine O' Sullivan and her large group of volunteers distributing potatoes and vegetables recently in Limerick.

Its not only the Heart To Hand volunteers that work hard, all those who represent Local Organisations and Charities also load their own vans and cars, and when finished they help others.

Over the next few months, we hope to increase our food supplies with the addition of a new van for which we are currently fundraising, and which will be equipped with a new chiller unit to allow us to collect and distribute meat and dairy products. This will be a huge addition to our Charity but, unfortunately it comes at a high price and it may take some time before we have the funding available. Over the past few years funding, especially direct debits, have all but ceased so it is increasingly difficult for our volunteers to go out and collect funds. If you would like to set up a direct debit, please see the details on the back page or contact us on any of the numbers provided. Thank you for your continued support.

FUNDING IS URGENTLY REQUIRED TO KEEP OUR SERVICES RUNNING ON A DAILY BASIS

ALL OUR WORK IS VOLUNTARY BUT WE HAVE DAILY EXPENSES - Diesel, Insurance, Vans, Warehousing, Forklift, etc.

Food deliveries in Dublin

DUBLIN

In Dublin, Heart To Hand volunteers are extremely busy with deliveries to charity organisations almost daily. Yogurt, potatoes & carrots, are just some of the food items being delivered to the homeless centres, soup kitchens and many more worthy organisations. There are several charities which we have listed below doing excellent work to feed and house the homeless, distressed husbands, wife's and families. Without these charities and the volunteers behind them, life for the people they support would be very bleak. Heart To Hand is working hard to provide food to these centres. Kieran and his volunteers are witnessing first hand the poverty and homeless situation in Dublin. With your help Heart To Hand can continue to support the food aid we provide. If you would like to help please see the back page of this newsletter giving options on how you can support us. All within our charity are volunteers and receive no payments or expenses. To keep our vans on the road, our premises maintained, our insurances up to date, forklifts certified and running etc. is very expensive.

Heart To Hand charity supply the following organisations in Dublin with Food Aid:

- Missionaries Of Charity, South Circular Road.
- Little Flower, Meath Street
- Mendicity Institution, City Centre
- Francis Street
- Focus Ireland
- Franciscans, Merchants Quay
- Brother Kevin
- Legion Of Mary
- 5 Loaves, Bray
- Tiglin Ashford Wicklow
- The Gramby, Parnell Square
- Deserted Wife's Homes, Dublin
- Killcannon, Enniscorthy
- Several start up shelters, North City, Dublin

Special thanks to our Potato & Vegetable Suppliers.

A special thank you to **Brian Barry** & all farmers who donate potatoes every year. They are always of exceptional quality and the recipients are so happy to see them arriving. They are perfect for any meal, day or night.

Thanks also to **Dockrell's** Vegetable Farm, Enniscorthy, who keep us supplied with quality carrots which are excellent for soup and dinners.

Mary Lynders Charity Auction (Moll's Marquee)

Once again Mary Lynders surpassed all expectations with one of her best years ever. What a weekend, what a group of special volunteers and what support Mary and her extended family receive every year. Even through the recession the support has never ceased. This is Heart To Hands largest single fundraiser and without it we would not be able to continue the excellent work that is carried out by all our volunteers around Ireland.

Mary Lynders with her daughters Marion & Ann, Kieran Byrne Heart To Hand, and a large team of volunteers who worked tirelessly over 4 days to make the auction one of the best ever!

A packed three days with great weather made it a very busy weekend indeed for the volunteers and a very fruitful weekend for Heart To Hand. Work starts early in the morning and continues until late evening. Each day is rounded off by tea and grub from one of the most hospitable houses in Dublin. Well done Mary and thank you so much!

Please come and support Mary and her team of volunteers over the August Bank Holiday weekend 2014. We look forward to seeing you there.

HEART TO HAND HOUSING PROJECTS FOR 2014

This year we have several projects to complete in Albania. Domestic houses are our biggest call and in total we have five houses to complete. Each requires a new roof, ceilings, electrical and, in two of the houses, we have to provide windows, doors and furniture. In Puke, we have to construct a new roof on the existing church and community centre. In Durres, we have to construct a building to accommodate an all weather pitch for children. The list gets longer every year and with your help we can continue to support those less well off in society. A safe comfortable home is the minimum that any family deserves today. Over the past 10 years Heart To Hand has made this possible for dozens of families. Please help us to continue with these very worthy projects. All projects are vetted by the Missionaries of Charity to ensure that each of the projects looks after the "poorest of the poor". If you would like to volunteer or to contribute in any way please contact 086 8240978 or email me at pat.whelan@omc.ie

This house like many others was constructed several years ago with a basic timber structure and very heavy roof tiles. The roofs of these houses have no insulation and are not sealed, so they let in buckets of water which rots the timbers and eventually causes the roofs to collapse. Heart To Hand will replace this roof with insulated panels and install a new ceiling for this very poor family.

The house on the right is in a similar condition and Heart To Hand will install a new roof and ceiling with insulation. All our work is carried out in association with the Missionaries of Charity who, as you can see, call to each house with us and assess the needs of each family before requesting works to be carried out. Since the volume of requests is high, only those who are very poor coupled with a serious structural threat will be accommodated this year.

The house to the left is in desperate need of a new roof. The existing one is almost down as you can see from the ceiling picture; it is letting in a lot of water and is causing serious discomfort for the large family. Heart To Hand will this year remove this dangerous roof and install a new insulated roof and ceiling. Electrical items will also be made safe or will be replaced as necessary.

Volunteer Stephen Dwan taking details of a new house required for a very poor family in Lac Albania. The large family are currently living in a building similar to a shed with no services, such as water, heating or electricity. This year Dinny O Dwyer will lead a team of volunteers to construct a new house for this family which will consist of a prefabricated structure from insulated sheeting, windows, doors, toilet and electricity.

Location: Puke, Albania.

This building has a very dilapidated roof and is located in the North of the country; this area is prone to heavy snow and the roof is incapable of withstanding the weight. Heart To Hand will remove the existing roof and carry out all necessary repairs before installing a new double-skin insulated panel roof. This building services a large community in Puke.

Thank you to all who supported our construction projects last year. Full details can be found on our web site under projects 2013. www.hearttohand.net If you would like to volunteer please contact us 086 8240978
